

**Built-In ATSC/NTSC/QAM digital tuning** allows for tuning of standard cable channels as well as off-air digital broadcasts, in addition to digital "cable-in-the-clear" broadcasts.

**ColorStream® Component Video Input** provides the ultimate picture quality from interlaced component video signals.

**StableSound®** maintains television volume within a preset range regardless of the source signal.

**3-Line Digital Comb Filter** provides more accurate processing of RF and composite video signals for a sharper, cleaner picture.

**Front Panel A/V Inputs** provide maximum versatility and convenience for the consumer who wishes to easily connect a video game console or a camcorder.

## 32D47 SPECIFICATIONS

### Video
